RE: Senate Bills 89 and 90 and their effects on the School Aid Fund

Date: May 29, 2013

We write today in opposition to Senate Bills 89 and 90 which would exempt the trade-in value on vehicles and watercraft from the sales and use taxes because of their negative impact on the School Aid Fund. The Senate Fiscal Agency estimates Senate Bill 89 could cut another \$152 million out of School Aid Fund (SAF) revenues when fully implemented.

Our concerns lie in the bigger picture. While this particular bill may seem to be only a small decrease to the SAF, when added to the many other policies recently passed and being considered, they continue to erode the School Aid Fund and add up to a significant amount of money over time.

We urge you to look very closely at this bill and similar ones and the collateral damage they have over time. Our schools will continue to see cuts if the school aid fund does not receive the revenue necessary to support our students and communities.

We urge you to oppose this bill until the SAF is held harmless by the cuts proposed. If you have any questions, please feel free to contact any of us in the education community listed.
